Gugurrgaagaa

We are coming to the end of Term 3 and hasn't it flown by!

This term we have been exploring lots of different things both in and out of the classroom.

Working with Mr Synnott, the boys have been refurbishing the ag plot. They have cleaned up the chicken shed, organised and re-potted plants and are learning to work together to create a beautiful environment.

Gugurrgaagaa Cont...

The girls have been working with myself and Aunty Val-da. They have been learning how to cook yummy chicken burritos, and created henna designs that they drew onto themselves and some of the teachers. The girls came up with some beautiful designs and were very proud of themselves.

This term for attendance rewards day we are headed to Shake Rattle and Bowl in Inverell. All students who have an attendance rate of over 80% will be eligible to come, so please encourage your children to be at school for the 8:45 start. Even better, they can come early and join us for breakfast from 8:30.

Have a great end of term!

Miss McInnes

Middle School ROCKS

This term Middle School G welcomed a new student, Martin Cutmore, to our class. The students cooked Tacos as a welcome to Martin. This term, the students have had fun learning about measurement, narrative writing, informative writing and working on their individual FLOL (For the love of learning) projects.

In Mathematics, we have been accurately measuring pallets for our vertical garden, measuring windows to ensure the blinds fit in our new room and we have been designing our new classroom using computers.

For book week, the theme was "escape to everywhere". In English, we began planning a narrative on a place we wanted to escape to. In addition to this, we also 'escaped' by taking on the

role of other characters through imaginary play and dressing up as different characters.

This term, our class is reading Unbelievable by Paul Jennings. Charlie recreated a scene out of the book using our tyres, a cushion, a blanket and a basket. It is great to see him transforming what he hears in the book and recreates it into something for us all to enjoy. Thank you Charlie.

As part of our FLOL projects we have been begun planning an informative text on our chosen topic. We have also been working on practical components of our projects including, making chairs from tyres and designing mini put put courses.

This week is Support Staff Appreciation Week. Middle School G would like to take this opportunity to thank all of the support staff that help us here at Boggabilla Central School. We would particularly like to thank Ms TJ for all of the work she does to help us in class.

We look forward to sharing with you the other fun things we have been doing in our next newsletter item.

Ms Gleeson and the MSG students

Hospitality

Fred, Tiarla and Makiily with their Chicken schnitzel sandwiches served with herb chunky chips. Yum!

Stanley, Kelirra, Suzanna and Makiily making Poached Pears with Sauce Anglaise.

Dylan cooking the meat for his Thai Beef Salad.

Ronald practicing his coffee making skills.

The Year 11 and 12 students in Visual Design have been studying 'Appropriation' in art. They have looked at the work of various famous or well-known artists and chosen an artwork to appropriate (change to make their own).

Dylan and Bill both chose a Banksy artwork

Bill created his artwork using ideas from the artwork above

Visual Design

Dylan's version of a Banksy original

Below is Reanne's version of an Asher Brown Durand landscape

Stage 6 Construction

During this term the students have continued with practical assessment tasks in carpentry joinery.

The first two tasks they have been working on are a basic joinery exercise with 4 different joints and an oilstone case.

To carry out these tasks students learn about safety in the construction industry through practicing it in the workshop.

In this assessment event, the students also learn to maintain and sharpen hand tools such as wood chisels and hand planes.

Stage 5 Industrial Technology - Metal

Stage 5 Industrial technology-metal

During this term, the students have been restoring old garden furniture donated to the school. The furniture has a steel frame and timber seating. The timber that is going to be used is originally from the walkway to the TAFE. The students will have to sand back the timber and finish it, paint the metal frame and then bolt the timber to it.

This week the students have set and started learning to use the oxy-acetylene set. The photo below shows Daniel and Dwight learning to cut metal using oxy-acetylene.

Stage 4 Technology Mandatory Timber

Stage 4 Mandatory technology-timber.

During this term, students have been making a wooden pencil case or a cup holder. These projects allow students to develop basic hand skills such as measuring/marketing out and cutting up timber, as well as learn about workshop safety and the safe use of machines.

Stage 5 Mathematics.

In this term, the students have been learning about scientific notation and geometry. Scientific notation is a way of writing very large and very small numbers in a short hand using indices.

In geometry, the students have been comparing different figures, drawing figures to scale and learning to solve problems involving similar figures and scale.

Exercise 7-09

1 Express the numbers in each of the following statements in scientific notation.

- The distance from Earth to the Sun is 152 000 000 kilometres.
- The world's largest mammal is the blue whale, which can have a mass of up to 130 000 kg.
- The diameter of an oxygen molecule is 0.000 000 29 cm.
- The thickness of a human hair is 0.000 08 m.
- Light travels at a speed of 300 000 000 m/s.
- The nearest star to Earth, excluding the Sun, is Alpha Centauri C, which is 40 000 000 000 000 km away.
- The mass of a proton is 0.000 000 000 000 000 000 002 g.
- The thickness of a typical piece of paper is 0.000 12 m.

When a figure is enlarged or reduced, a **similar figure** is created. The original figure is called the **original**, while the enlarged or reduced figure is called the **image**.

It's Free
Choose Your Course

FREE courses - Are you eligible to do these?

Gateway To Training (GTT) is offering FREE work readiness programs delivered face to face in Goondiwindi, St George, Yelarbon and Inglewood. This could be a perfect opportunity to gain the skills and qualifications to join or re-enter the workforce.

Steady Ready Go! is open to all ages and offers a Certificate III Business Administration, employability skills; assistance into employment and one on one support.

Get Set for Work caters for 15 to 19 year olds and provides accredited Foundation Skills as well as assistance to transition into work or further studies.

These programs are an initiative of the Qld Government's Skilling Queenslanders for Work program and are subject to eligibility.

There are limited 2017 places available - please phone GTT on 4671 2258 or email info@gttc.com.au for further information.

Education

Dear Parents and Carers

Boggabilla Central School will transition to the new NSW Public Schools' finance system and a new bank account on **16 October 2017**.

To ensure a smooth transition, there will be changes to the way we accept payments from parents and carers.

Direct deposits: As of **22 September 2017**, we will no longer accept direct deposits into our current school bank account as we prepare to close this account and transition to the new one. Any payments made using direct deposit after this date cannot be properly allocated to a student's account in a timely manner. Please ensure you have made any outstanding direct deposits before **22 September 2017**. **This includes CENTREPAY PAYMENTS.**

EFTPOS payments: We will not be able to accept EFTPOS payments between **11 October and 18 October 2017**. Please ensure that you have made any outstanding EFTPOS payments before **11 October, 2017**. From **17 October 2017**, EFTPOS payments will be accepted as before.

Cash and cheque payments: Between **11 October 2017** and **16 October 2017**, we will also not be able to accept payments by cash or cheque as we prepare to close our current bank account and transition to the new one. Please ensure that you have made any outstanding cash or cheque payments before **11 October 2017**. From **17 October 2017**, cash and cheque payments will be accepted as before.

Thank you for your patience and understanding as we transition to our new finance system. If you have any questions, please contact **the school on 0746 762 104**.

Good for Kids good for life

Packing a healthy lunchbox doesn't have to be hard or time consuming. Use these helpful tips to pack a lunchbox your kids will love.

- Include a piece of fruit or chop up a variety of fruits and place in a container
- Provide some easy to eat vegies such as snow peas or cherry tomatoes for a snack
- Include some reduced fat dairy like yoghurt or cheese
- Use wholegrains like wholemeal bread, brown rice and wholemeal pasta for long lasting energy
- Include lean meat and alternatives such as chicken, tuna and eggs and salad vegetables as sandwich fillers
- And don't forget that water is the best drink!

WINTER RECIPE: PUMPKIN SOUP

INGREDIENTS	QUANTITY
Olive oil	2 Tbs
Onion, finely chopped	1
Leek, white part only, finely sliced	1
Garlic clove, crushed	1
Ground coriander	1/2 tsp
Ground cumin	1 tsp
Ground nutmeg	1/2 tsp
Peeled pumpkin, diced	1kg
Potato, peeled and diced	1 large
Chicken or vegetable stock	1L
Thin cream	1/2 cup

METHOD

1. Heat oil in a large saucepan over low heat. Add leek and onion and cook for 2-3 minutes until softened.
2. Add garlic and spices and cook, stirring, for 30 seconds. Add pumpkin, potato and stock and bring to the boil.
3. Turn heat to low, cover and simmer for 30 minutes. Allow to cool slightly then blend in batches
4. Return soup to pan, stir through cream and reheat gently. Serve with toasted crusty bread.
